 Tulsa District

# HUNTING GUIDE

## WAURIKA LAKE

Hunting at Waurika Lake is in accordance with applicable Federal and state fish and wildlife regulations. Generally, all Corps lands are open to the public for hunting except developed recreational areas and lands around the dam and other structures.

Hunters wishing to construct duck blinds on Corps lands must apply for a permit from the Oklahoma Department of Wildlife Conservation. Drawings for permits are held on the fourth Saturday of September at the Waurika Lake Office.

Hunters are urged to exercise the basic rules of good sportsmanship, safety, and common sense.

Vehicles may be driven only on established roads and camping is restricted to designated sites. Consult the Waurika Lake Office to obtain information on accessing non-ambulatory roads on Corps of engineers and state managed lands.

Additional information and copies of regulations governing use of Waurika Lake as outlined in Title 36 Code for Federal Regulations may be obtained at the Waurika Lake Office, (580) 963-2111, or from the Tulsa District Office, Corps of Engineers, 1645 S. 101<sup>st</sup> E. Avenue, Tulsa, OK, 74128, (918) 669-7370.

Hunting maps of all Tulsa District lakes are available on internet at [www.swt.usace.army.mil](http://www.swt.usace.army.mil)

## RESTRICTED HUNTING

As the result of cooperative arrangements between the Oklahoma Department of Wildlife Conservation and the Tulsa District Corps of Engineers, several tracts of Corps lands have been made available to sportsmen for restricted hunting. With the exception of the special restrictions outlined below, all provisions of the Oklahoma Hunting Regulations for Corps of Engineers lands are applicable on these areas.

Designated areas are open for hunting of all species which may legally be taken during legal open seasons by shotgun with pellets and bow and arrow. Fall deer and turkey season are open to archery hunting only. Spring turkey season is prohibited. Hunting is prohibited within 500 feet of the dam structure and public use areas.

A non-ambulatory hunt is offered in late October, in cooperation with the Oklahoma Department of Wildlife Conservation. Qualified hunters should consult the Oklahoma Controlled Hunts Application Booklet for details.
