MEMORANDUM FOR Acting Chief, Operations Division, Tulsa District (CESWT-OD/BJ Parkey)
2488 E 81st Street Tulsa, Oklahoma 74137

SUBJECT: Tulsa District, Operations Division, Marion Reservoir Master Plan, Supplement No. 1

1. Interdisciplinary Master Plan team, composed of project and district personnel and appointed by district leadership, assigned to conduct a review of Marion Reservoir Master Plan.
2. The Project Master Plan meets guidelines established in the 30 January 2013 ER 1130-2-550 and 30 January 2013 EP 1130-2-550.
3. A concise review of the Marion Reservoir Master Plan was conducted by an Operations-led interdisciplinary team. This review utilized Master Plan performance criteria and criteria in Chapter 3 of EP 1130-2-550 to determine if supplementation or revision is recommended.
4. At the conclusion of the review of the Marion Reservoir Master Plan, it was discovered that swim beach designation needed to be changed from what is in the previous Master Plan. The attached documents reflect the changes that need to be made.
5. This memorandum serves as an administrative record of removing swim beach designation in the Master Plan.
6. For further questions, please contact Mr. Jamie Hyslop Chief, Natural Resources and Recreation Branch.

SUPPLEMENT NO. 1
TO
MASTER PLAN (August 2021)

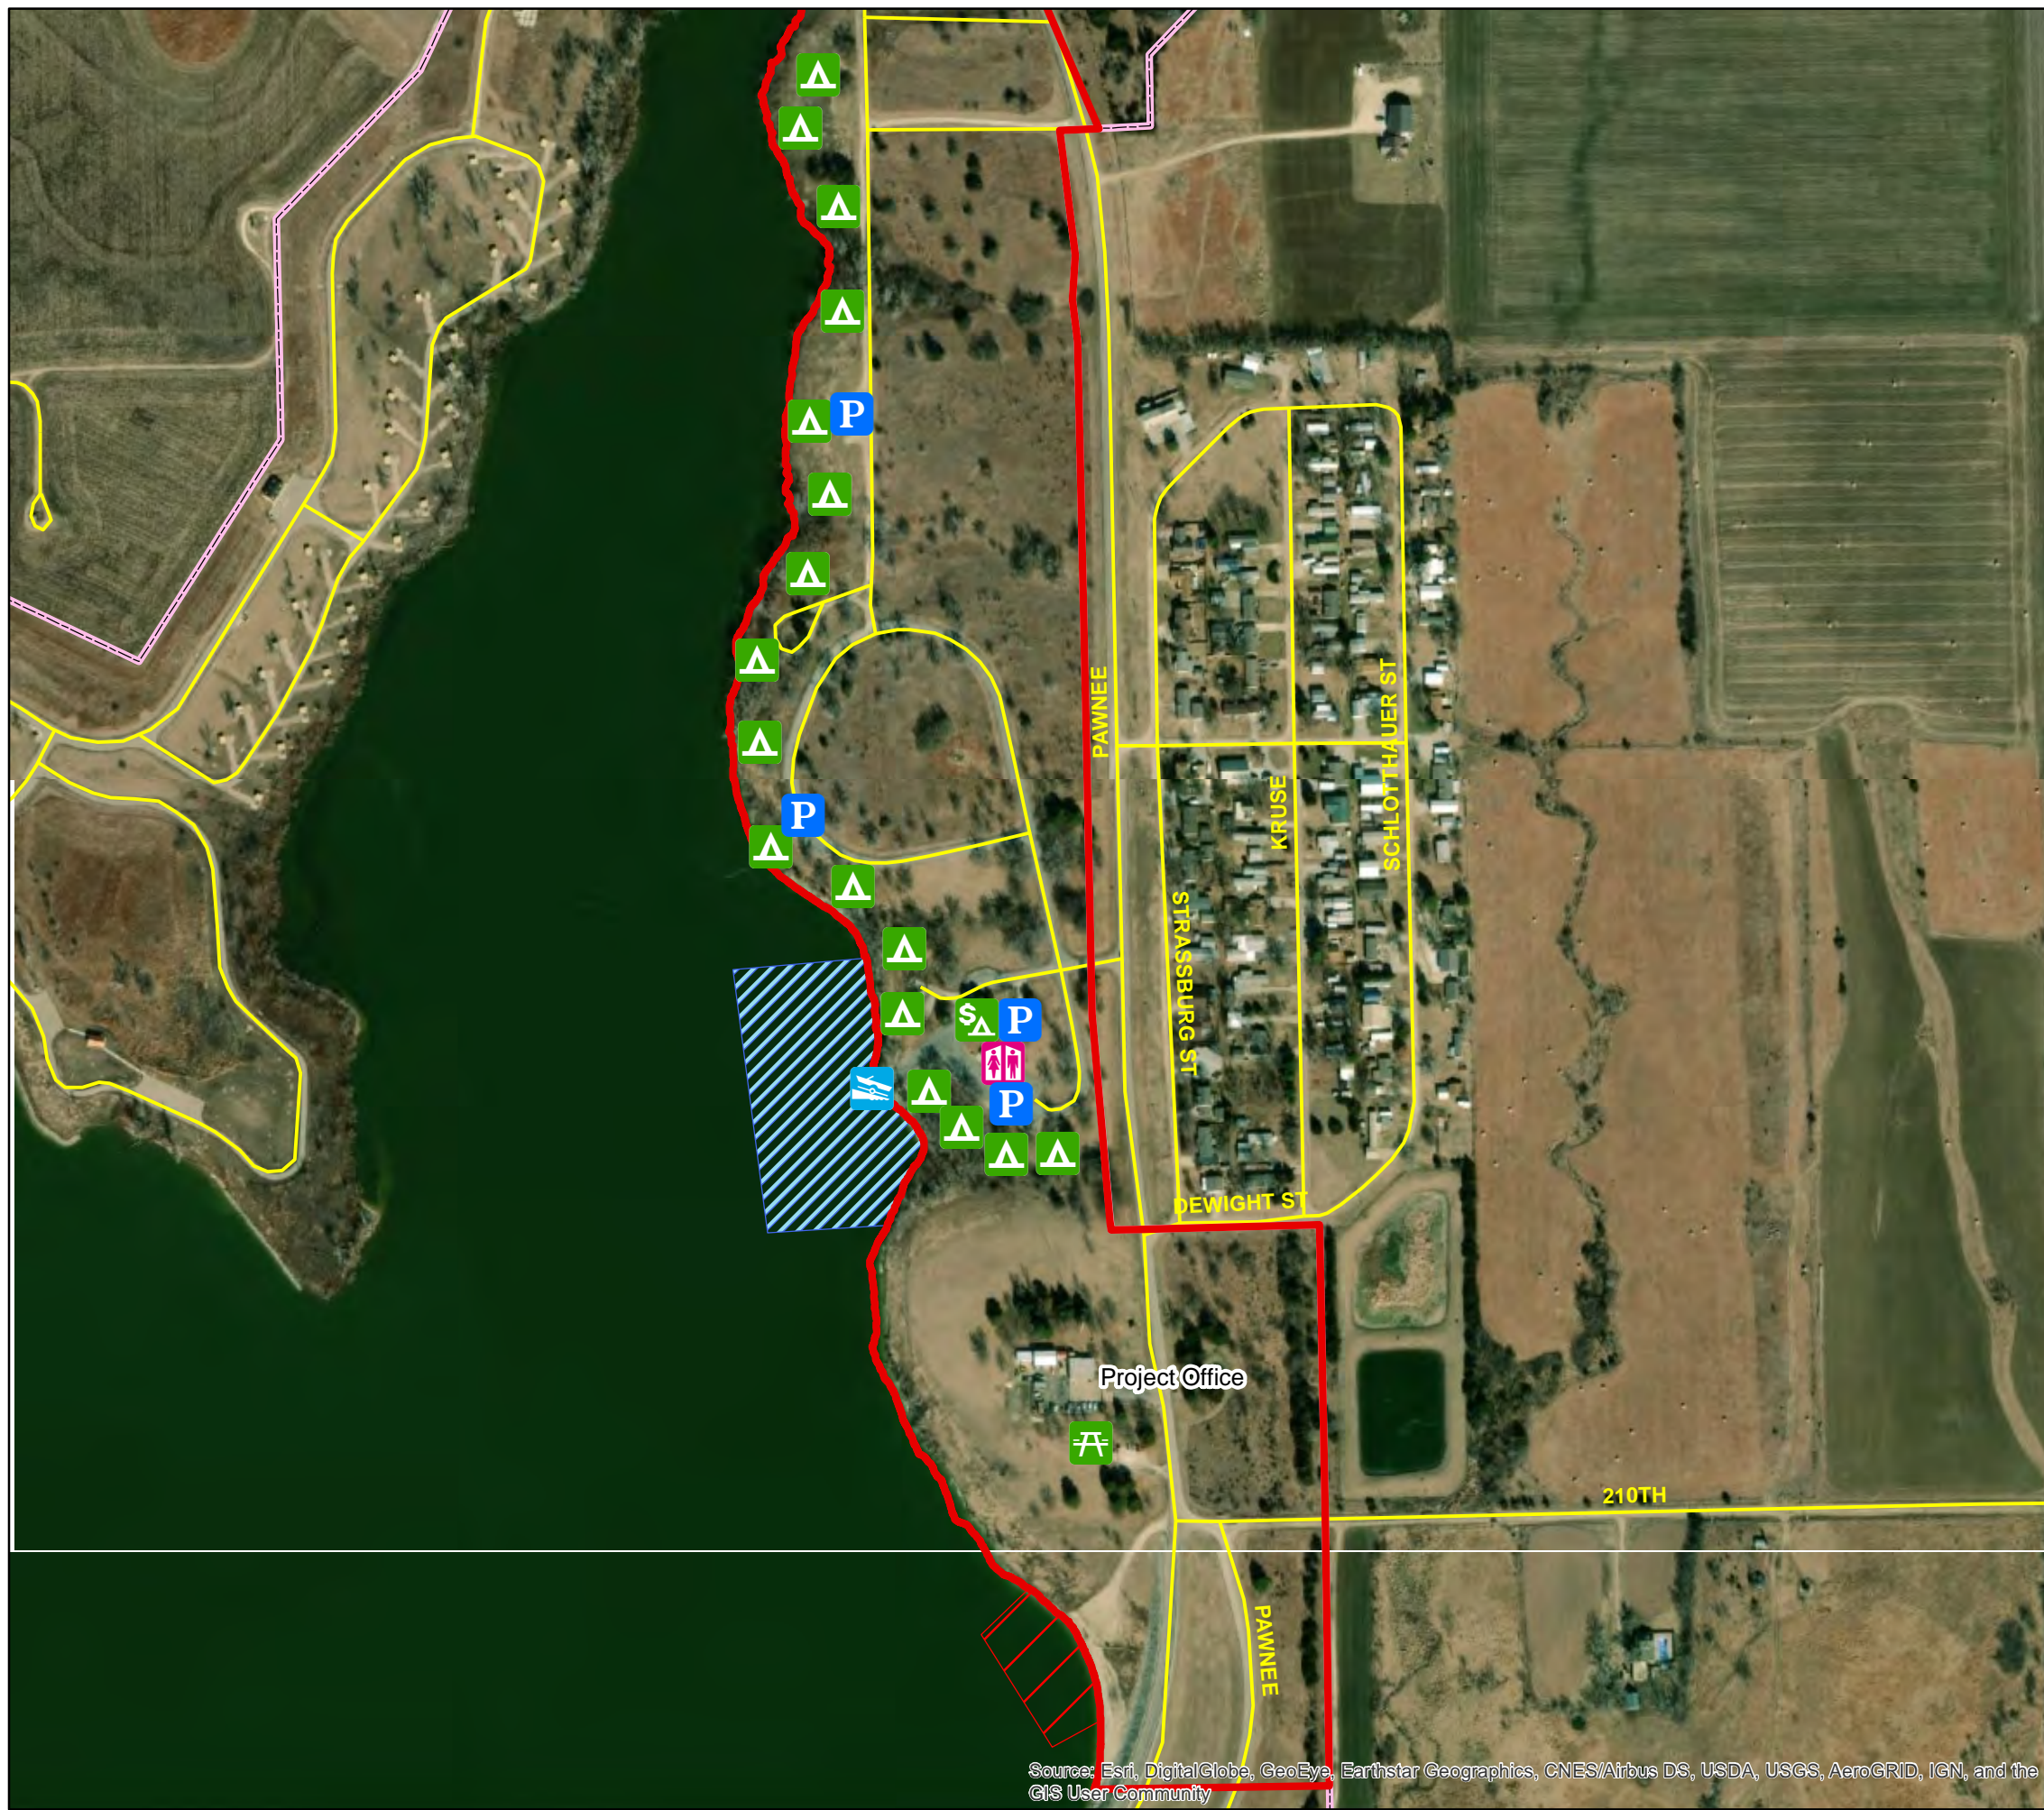

1. Purpose: The purpose of this supplement is:
 - a. Remove references to Marion Cove Designated Swim Beach and Cottonwood Point Park Designated Swim Beach from all sections of the Marion Master Plan that identify these areas as designated swim beaches. This includes updates to verbiage found on pages 1-6, 2-48, 4-5, 5-9, Table 2-20, and in the Appendix A maps pertaining to Marion and Cottonwood Point.
 - b. Revise all related language on the pages listed above that currently indicate three designated swim beaches on the Reservoir. This should be corrected to reflect a single designated swim beach.
 - c. Hillsboro Cove will be the only designated swim beach on the Reservoir.
2. Scope of Work: Correct verbiage and indication of swim beaches on all future project brochures, maps and other documents. Enclosed Table 2-20 Recreational Facilities and Operating Agencies, Map No. ML20MP-OR-01 and ML20MP-OR-01 have been updated to reflect these changes.
3. Discussion: Following a comprehensive review of the Master Plan, it was determined that the designation of swim beaches at the two specified locations should be removed from all referenced documentation.

both USACE parks and leased areas to provide the most accurate visitation estimation possible.

Reservoir visitation figures tabulated through the new VERS System for fiscal years 2019 and 2018 were 238,183 and 521,801 respectively.
