22 SEP 2014

MEMORANDUM FOR Commander, Tulsa District

SUBJECT: John Redmond Dredging Initiative

1. References:

a. Memorandum, CESWT-PP-C, 11 July 2014, subject: John Redmond Dredging Initiative (Encl 1).

b. EC 1165-2-214 (Water Resources Policies and Authorities - Civil Works Review) 15 December 2012.

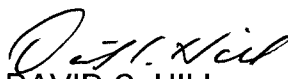

c. Memorandum, CECW-PB, 17 November 2008, subject: Clarification Guidance on the Policy and Procedural Guidance for the Approval of Modifications and Alterations of Corps of Engineers Projects (Encl. 2).

2. The Chief of Engineering and Construction in Tulsa District has determined that the proposed project does not pose risk to public safety and therefore does not require an independent external peer review Type II or Safety Assurance Review. In accordance with 1. a., I hereby approve the enclosed Review Plan (RP) for the subject project which is subject to change as circumstances require for the design and construction of the John Redmond Dredging Initiative.

3. Please post the final approved RP with a copy of this memorandum to the District's public internet website. Prior to posting to the District website, the names of USACE employees should be removed.

3. My Point of contact for further information regarding this issue is Mr. Michael Southern at 918-669-7148 or Michael.W.Southern@usace.army.mil.
