HUNTING GUIDE

BROKEN BOW LAKE

Hunting at Broken Bow Lake is in accordance with applicable federal and state fish and wildlife regulations. Generally, all Corps lands are open to the public for hunting except developed recreational areas and lands around the dam and other structures. Camping is allowed in designated areas only. Hunting is prohibited in all public use areas. Hunters are urged to exercise the basic rules of good sportsmanship, safety, and common sense.

Hunters wishing to obtain current hunting regulations or construct duck blinds on Corps lands should reference the current Oklahoma Hunting Guide or contact the Oklahoma Department of Wildlife Conservation, 1801 N. Lincoln Blvd, Oklahoma City, OK 73105 (405) 521-2739.

Vehicles must remain on established roads. Public lands leased or licensed for private use are also open to public hunting and fishing. The lessee, in order to protect personal property, may be authorized to lock gates or prohibit nonofficial vehicles. However, this in no way prohibits public use of the area or prevents foot access across the land. The lessee or licensee is entitled to compensation from persons causing damage to crops or facilities belonging to them.

Additional information and regulations governing use of Corps land or water as outlined in Title 36 Code of Federal Regulations may be obtained at the Hugo Lake Office, (580) 326-3345.
