### RESTRICTED HUNTING

As the result of cooperative arrangements between the Oklahoma Wildlife Conservation Commission and the Tulsa District Corps of Engineers, several tracts of Corps lands have been made available to sportsmen for restricted hunting. With the exception of the special restrictions outlined below, all provisions of the Oklahoma Hunting Regulations for Corps of Engineers lands are applicable on these areas.

The following areas are open for hunting of all species which may legally be taken during legal open seasons by archery equipment and shotgun with pellets only.

- 1) All lands beginning from the MK&T Railroad below Chouteau Lock and Dam 17 and continuing upstream to Newt Graham Lock and Dam 18, except that Pecan Park is open to hunting with archery equipment only and the Chouteau Lock and Dam 17 has a 600 yard "No Hunting" buffer area around both the lock and dam, and that Coal Creek Access Point and Afton Landing Park are closed to all hunting.
