# GENERAL HUNTING INFORMATION

## PINE CREEK LAKE

Hunting at the Pine Creek project is in accordance with applicable federal and state fish and wildlife regulations. Unless otherwise posted, hunting is permitted in designated project hunting areas with all legal means of taking as outlined in the Oklahoma Regulations. Generally, all Corps lands are open to the public for hunting except developed recreational areas and lands around the dam and other structures.

Hunters wishing to obtain current hunting regulations or construct duck blinds on Corps land should reference the current Oklahoma Hunting Guide or contact the Oklahoma Department of Wildlife Conservation, 1801 N. Lincoln Blvd, Oklahoma City, OK 73105 (405) 521-7239.

Hunters using the Pine Creek Lake are urged to exercise the basic rules of good sportsmanship, safety, and common sense.

Vehicles may be driven only on established roads and trails, and camping is restricted to designated sites.

Additional information and copies of regulation governing use of the Pine Creek Lake as outlined in Title 36 of the Code of Federal Regulations may be obtained at the Pine Creek Lake Office (580) 933-4239, or from the U.S. Army Corps of Engineers, 2488 E 81<sup>st</sup> Street, Tulsa, OK 74137 (918) 669-7370.

### RESTRICTED HUNTING

As the result of cooperative arrangements between the Oklahoma Wildlife Conservation Commission and the Tulsa District Corps of Engineers, several tracts of Corps lands have been made available to sportsmen for restricted hunting. With the exception of the special restrictions outlined below, all provisions of the Oklahoma Hunting Regulations for Corps of Engineers lands are applicable on these areas.

The following areas are open for hunting of all species which may legally be taken during legal open season by archery equipment only:

1. A 200-acre unit north of Highway 3 and south of the old highway.
2. A 120-acre unit west of Little River Park.
