# HUNTING GUIDE

## LAKE TEXOMA

Hunting at Lake Texoma is in accordance with applicable federal and state regulations. Generally, all Corps hunting areas are open for public hunting of all legal species with the use of any legal weapon for that open season except in areas designated for restricted hunting. Hunting is prohibited in developed recreational areas, lands around the dam and other structures. Vehicles must remain on established roads and camping is allowed in designated areas only. Hunters are urged to exercise the basic rules of good sportsmanship, safety, and common sense.

Hunters wishing to obtain current hunting regulations on Corps lands must contact the Oklahoma Department of Wildlife Conservation, 1801 N. Lincoln Blvd, Oklahoma City, OK 73105 (405) 521-2739 or the Texas Parks and Wildlife Department, 4200 Smith School Road, Austin, TX 78744, (800) 792-1112.

The two National Wildlife Refuges managed by the United States Fish and Wildlife Service on Lake Texoma are: the Hagerman National Wildlife Refuge, an 11,429-acre waterfowl refuge, on the Big Mineral Arm and the Tishomingo National Wildlife Refuge, a 13,450-acre waterfowl refuge, located on the Washita Arm. Both refuges are marked either by buoys or signs. Hunting is restricted to special seasons as determined by US Fish and Wildlife Service personnel. All boating and fishing is restricted on the refuges from 1 October through 31 March. The 3,170-acre Tishomingo Cooperative Wildlife Management Area is open for hunting at specified times during the fall season.

Additional information and regulations governing use of Corps land or water as outlined in Title 36 Code of Federal Regulations may be obtained at the Lake Texoma Office, (903) 465-4990, or from the U.S. Army Corps of Engineers, 2488 E 81<sup>st</sup> Street, Tulsa, OK 74137 (918) 669-7370.
