HUNTING GUIDE

WAURIKA LAKE

Hunting at Waurika Lake is in accordance with applicable federal and state fish and wildlife regulations. Generally, all Corps lands are open to the public for hunting except developed recreational areas and lands around the dam and other structures.

Hunters wishing to obtain current regulations or construct duck blinds on Corps lands should reference the current Oklahoma Hunting Guide or contact the Oklahoma Department of Wildlife Conservation, 1801 N. Lincoln Blvd, Oklahoma City, OK 73105 (405) 521-2739.

Hunters are urged to exercise the basic rules of good sportsmanship, safety, and common sense.

Vehicles may be driven only on established roads and camping is restricted to designated sites. Consult the Waurika Lake Office to obtain information on accessing non-ambulatory roads on Corps of Engineers and state managed lands.

Additional information and copies of regulations governing use of Waurika Lake as outlined in Title 36 Code for Federal Regulations may be obtained at the Waurika Lake Office (580) 963-2111, or from the U.S. Army Corps of Engineers, 2488 E 81st Street, Tulsa, OK 74137 (918) 669-7370.

Visit the Tulsa District internet at www.swt.usace.army.mil

RESTRICTED HUNTING

As the result of cooperative arrangements between the Oklahoma Wildlife Conservation Commission and the Tulsa District Corps of Engineers, several tracts of Corps lands have been made available to sportsmen for restricted hunting. With the exception of the special restrictions outlined below, all provisions of the Oklahoma Hunting Regulations for Corps of Engineers lands are applicable on these areas.

Designated areas are open for hunting of all species which may legally be taken during legal open seasons by archery equipment and shotgun with pellets only. Fall deer and turkey season is archery equipment only.

Hunting is prohibited within 500 feet of the dam structure and public use areas.

A non-ambulatory hunt is offered in late October, in cooperation with the Oklahoma Department of Wildlife Conservation. Qualified hunters should consult the departments Controlled Hunts information online for details.
