Regulatory Office

This is in reference to your request for a jurisdictional determination (JD) on property located in Section 23, Township 14 North, Range 3 West, in Oklahoma County, Oklahoma. The area marked in red on the enclosed map denotes the limits of the review area examined under this request. We have reviewed the submitted data relative to Section 404 of the Clean Water Act (CWA).

We have examined the review area and concluded that the referenced property contains no jurisdictional wetlands or other waters of the United States subject to Section 404 CWA.

We believe this determination to be an accurate assessment of the presence of jurisdictional wetlands and other waters on the site which are subject to Section 404 CWA. This is a final determination of federal jurisdiction on the property pursuant to Section 404 CWA. This determination is valid for 5 years from the date of this letter unless new information warrants revision of the determination before the expiration date.

This determination has been conducted to identify the limits of the Corps CWA jurisdiction for the particular site identified in this request. This determination may not be valid for the wetland conservation provisions of the Food Security Act of 1985, as amended. If you or your tenant are USDA program participants, or anticipate participation in USDA programs, you should request a certified wetland determination from the local office of the Natural Resources Conservation Service prior to starting work.

This final determination constitutes an approved JD subject to the optional Corps Administrative Appeal Process. If you object to this determination, you may request an administrative appeal under Corps regulations at 33 CFR Part 331. Enclosed is a copy of the Notification of Administrative Appeal Options and Process (NAP) and Request for Appeal (RFA) form. If you request to appeal this determination you must submit a completed RFA form to the Southwestern Division Office at the following address:

Should you decide to submit a RFA form, it must be received at the above address by November 21, 2023.
