Department of the Army Regulatory Permit Program  
Public Notice Mailing List Update

We are updating our public notice mailing list for proposed activities subject to comment, evaluation, and authorization under Section 10 of the Rivers and Harbors Act of 1899 and Section 404 of the Clean Water Act.

The Corps of Engineers, Tulsa District, mails hundreds of pages per year soliciting comments from agencies, industry, organizations, and the general public regarding proposed activities which require authorization from the Corps.

This notice is being sent to all addressees on our mailing list to purge outdated and unnecessary addresses from our list. We intend to convert as much of this mailing list as possible into an email list to maximize resource saving and reduce paper usage within the Regulatory Office.

We will continue the posting of public notices on our web page for easy access by the public (<http://www.swt.usace.army.mil/Missions/Regulatory/PublicNotices.aspx>). New public notices are also available at the above address.

Please indicate your preference on the reverse, fold and return this to our Corps Regulatory Office by September 2, 2014.

I do not desire to continue receiving public notices in any form for proposed activities. Please remove my name from your mailing list and email list.

I desire to receive public notices by email. Please send public notices to following address: \_\_\_\_\_@\_\_\_\_\_.\_\_\_\_\_.

I am interested in public notices for:

Any activity within the Tulsa District (all of Oklahoma, northern Texas, and limited parts of southern Kansas)

Only for activities in a specific (select and specify only one):

State \_\_\_\_\_

City vicinity \_\_\_\_\_

County \_\_\_\_\_

I agree to have my name removed from the mailing list in lieu of availability of these public notices on the Internet.

Name: \_\_\_\_\_ Email: \_\_\_\_\_

August 2014
