## **PUBLIC NOTICE**

### **EXTENSION OF THE COMMENT PERIOD FOR CANTON, KAW, AND SKIATOOK LAKES MASTER PLAN REVISION**

The Tulsa District, U.S. Army Corps of Engineers (USACE), is revising the Canton, Kaw, and Skiatook Lake Master Plans. Due to a server error the information posted on our website about the Master Plan update for each of these lakes was temporarily unavailable. The issue began on July 23<sup>rd</sup> and was resolved before close of business on July 24<sup>th</sup>. We want to ensure that all members of the public can access the Master Plan update materials. To ensure this we will be extending the public comment period for all three lakes until 5:00 P.M. on August 30<sup>th</sup>.

During this time, the public can send comments, suggestions, and concerns. Public participation is critical to the successful revision of the Master Plans. Information provided at the open houses for each of the lakes, including the existing Master Plans, can be viewed on the Tulsa District website at the following link.
